LAWG-029-08 (CRN #: 23975) View Textbooks	<u>Advanced Environmental Law: Climate Change (PROJECT-BASED PRACTICUM) X</u> [Limit: 6]	4	Arroyo, Vicki A / Pacyniak, Gabriel S.	588 R 5:45-7:45	<u>SR</u>
Note: This course may be suitable for evening students who can regularly attend class and participate in calls or meetings during the day as students interact with professors, advisors, and/or clients.					
This is a four credit course. Two credits will be awarded for the two-hour weekly seminar and two credits for approximately ten hours of project work per week, for a minimum of 11 weeks. Both the seminar portion and the project work will be graded.					
Students who enroll in this course will be automatically enrolled in both the seminar and project components and may not take either component separately. After Add/Drop, a student who wishes to withdraw from a practicum course must obtain permission from the faculty member and the Assistant Dean for Experiential Education. The Assistant Dean will grant such withdrawal requests only when remaining enrolled in the practicum would cause significant hardship for the student. A student who is granted permission to withdraw will be withdrawn from both the seminar and project components.					
Regular and punctual attendance is required at all practicum seminars and students are required to devote the requisite number of hours to their					

project. If a student must miss seminar, project work, a meeting or a deliverable, he or she must speak to the professor as soon as possible (ideally beforehand) to discuss the absence or missed assignment. Unless the professor indicates otherwise, a student with more than one unexcused absence from the practicum seminar (out of 13 total seminar sessions), or one week of unexcused absences from the fieldwork or project work (out of a total of 11 weeks of fieldwork or project work), may receive a lower grade or, at the professor's discretion, may be withdrawn from the practicum course.

Prerequisite: Environmental Law. J.D. students must complete the required first-year program prior to enrolling in this course (part-time and interdivisional transfer students may enroll prior to completing Criminal Justice, Property, or their first-year elective).

Mutually Excluded Courses: Students may not take another practicum course or a clinic at the same time as a project-based practicum course. Students may enroll in an externship at the same time as a project-based practicum course.

Special Note: Special Note for LL.M. Students: During preregistration, enrollment in the LAWG section of this course is limited to LL.M. students in the Environmental Law degree program. All other LL.M. students will have the opportunity to enroll or add themselves to the waitlist for this course during add/drop.

If you are planning to take the MPRE in Spring 2018, the exam may conflict with this course because the MPRE will be offered on a Saturday in March or April. The date should be released by the National Conference of Bar Examiners in October and will be available at <http://www.ncbex.org/exams/mpre/registration/>.

There is a course materials fee for this course, which covers outside vendor materials purchased on behalf of all enrolled students (these materials are distributed as part of the course's in-class assignments and exercises). This fee is posted to your student account in August (for Fall courses) or December (for Spring courses), or as soon as you are enrolled in the course, whichever is later. Students who drop the course will be refunded the amount. Students approved to withdraw will not be refunded.

A student will be permitted to drop a course that meets for the first time after the add/drop period, without a transcript notation, if a student submits a written request to the Office of the Registrar prior to the start of the second class meeting. Withdrawals are permitted up until the last class for this specific course.

Note: This course is open to LL.M. students by professor permission. Interested students should contact Professor Rostain at (tr238@law.georgetown.edu).

This course is suitable for evening students; project work does not need to be completed during business hours.

This is a four credit course. Two credits will be awarded for the two-hour weekly seminar and two credits will be awarded for approximately 10 hours of supervised project work per week, for a minimum of 11 weeks. Both the seminar portion and the project work will be graded.

Students who enroll in this course will be automatically enrolled in both the seminar and project components and may not take either component separately. After Add/Drop, a student who wishes to withdraw from a practicum course must obtain permission from the faculty member and the Assistant Dean for Experiential Education. The Assistant Dean will grant such withdrawal requests only when remaining enrolled in the practicum would cause significant hardship for the student. A student who is granted permission to withdraw will be withdrawn from both the seminar and project components.

Default attendance rule for all practicum courses (unless the professor indicates otherwise): Regular and punctual attendance is required at all practicum seminars and fieldwork placements. Students in project-based practicum courses are similarly required to devote the requisite number of hours to their project. If a student must miss seminar, fieldwork, or project work, he or she must speak to the professor as soon as possible to discuss the absence. Unless the professor indicates otherwise, a student with more than one unexcused absence from the practicum seminar (out of 13 total seminar sessions), or one week of unexcused absences from the fieldwork or project work (out of a total of 11 weeks of fieldwork or project work), may receive a lower grade or, at the professor's discretion, may be withdrawn from the practicum course.

Prerequisites: Students must complete the required first-year program prior to enrolling in this course (part-time and interdivisional transfer students may enroll prior to completing Criminal Justice, Property, or their first-year elective).

Mutually Excluded Courses: Students may not concurrently enroll in this practicum course and a clinic. Students who wish to concurrently enroll in this course and another practicum course may only do so with the permission of Assistant Dean Rachel Taylor (rst@law.georgetown.edu), Professor Rostain (tr238@law.georgetown.edu), and the professor of the second practicum. Students may concurrently enroll in this practicum course and an externship.

--	---	---	---	---	--	--

Note: LL.M. students must seek professor permission to apply.

Evening students who work during the day are encouraged to reach out to the professors to determine whether this practicum course would be compatible with their schedules.

This is either a four or a five credit course, depending on the number of fieldwork hours/week. Two credits will be awarded for the two-hour weekly seminar and either two credits (for 10 hours/week) or three credits (for 15 hours/week) for the fieldwork. The fieldwork will be conducted over a minimum of 11 weeks, to be arranged with the faculty members. Students will have the ability to choose the credit option that best fits their schedules. However, the fieldwork must be completed during normal business hours. All students will initially be registered for a total of four credits, which is the two-credit seminar plus the two-credit fieldwork section. Once the preregistration results are released, contact Assistant Director Bernice Ines at api5@law.georgetown.edu to confirm the number of credits you wish to receive for the fieldwork and she will inform the Office of the Registrar of any changes that need to be made. If you enroll after the preregistration period and wish to enroll for additional fieldwork credits, contact Bernice Ines at api5@law.georgetown.edu. All requests for additional fieldwork credits beyond the two credits that are automatically assigned must be received by 5:00 p.m. on January 20, 2017.

The two-credit seminar portion of this practicum will be graded. The two or three credits of fieldwork are mandatory pass/fail. Students will be allowed to take another course pass/fail in the same semester as the fieldwork.

Note: The course will typically meet on Wednesday afternoons, but will have one additional class meeting on Saturday, January 21, 2017, from 9:00 a.m. to 1:00 p.m., in an effort to frontload some of the course material before students begin their fieldwork. On two Wednesdays later in the semester, the class will not meet, to account for the one Saturday session.

Students who enroll in this course will be automatically enrolled in both the seminar and fieldwork components and may not take either component separately. After Add/Drop, a student who wishes to withdraw from a practicum course must obtain permission from the faculty member and the Assistant Dean for Experiential Education. The Assistant Dean will grant such withdrawal requests only when remaining enrolled in the practicum would cause significant hardship for the student. A student who is granted permission to withdraw will be withdrawn from both the seminar and fieldwork components.

Default attendance rule for all practicum courses (unless the professor indicates otherwise): Regular and punctual attendance is required at all practicum seminars and fieldwork placements. Students in project-based practicum courses are similarly required to devote the requisite number of hours to their project. If a student must miss seminar, fieldwork, or project work, he or she must speak to the professor as soon as possible to discuss the absence. Unless the professor indicates otherwise, a student with more than one unexcused absence from the practicum seminar (out of 13 total seminar sessions), or one week of unexcused absences from the fieldwork or project work (out of a total of 11 weeks of fieldwork or project work), may receive a lower grade or, at the professor's discretion, may be withdrawn from the practicum course.

Recommended: Administrative Law, Food and Drug Law-related courses. Prerequisite: J.D. students must complete the required first-year program prior to enrolling in this course (part-time and interdivisional transfer students may enroll prior to completing Criminal Justice, Property, or their

first-year elective).

Mutually Excluded Courses: Students may not concurrently enroll in an externship or a clinic or another practicum course.
